

BSB41407 Certificate IV in Occupational Health and Safety

Course Dates

COURSE DESCRIPTION

BSB41407 Certificate IV in Occupational Health and Safety is a nationally recognised qualification that reflects the role of individuals whose job role has a high degree of OHS responsibility. This qualification would suit an OHS officer in a full-time dedicated role who works under the supervision of an OHS Coordinator or OHS Manager. It is also relevant to those working as:

- Occupational Health and Safety Officer
- Health and Safety Representative
- Health and Safety Committee Member
- Health and Safety Assistant.

Prerequisites

There are no formal prerequisite requirements for this qualification. However, sound language, literacy and numeracy skills, basic computer skills and access to a computer with internet are required.

Program Structure

The Certificate IV in Occupational Health and Safety requires completion of nine (9) elective units of competency for the qualification to be awarded: six (6) of the elective units have been selected by Aurora from a specific core group. The additional three (3) elective units should reflect a work role requirement – these can be discussed with the facilitator and selected on enrolment.

Delivery

Training and assessment is by blended delivery:

- Online: completion of theory components for each unit
- Face-to-face: compulsory attendance and participation in three (3) 2-day face-to-face intensive sessions (see Date Details)

Some online components are required to be completed prior to attending the face-to-face practical intensive sessions.

Assessment is a combination of online questions and activities, and practical activities to be completed in class and in the workplace.

Recognition

Recognition is available by advising the enrolling officer on your enrolment or your facilitator and a Recognition Kit will be provided.

Tutorial Support

As part of your fees optional email and telephone tutorial sessions are provided throughout the program to assist you with assignment work and to deal with any challenge areas.

How do I enrol?
